E-mail: Lorenzo.Foa@cern.ch

ABSTRACT: This talk was devoted to a quick overview of the LHC machine and experiments and to a detailed description of the document on the future of accelerator-based Particle Physics in Europe prepared by the European Committee for Future Accelerators (ECFA). This report is now public and can be found at:

<http://committees.web.cern.ch/Committees/ECFA/Welcome.html>
clicking on "Working Group" and then on the title.
